PAVEMENT SCHEDULE

P1-A PAVER TYPE 1 - ON STRUCTURE
60mm Thickness Paver, refer landscape specification, on
30mm Thickness Mortar, on
Variable Screed, refer Drawing CV-TTW-1030, on
Existing concrete slab (levels TBC on site).

P1-B PAVER TYPE 1 - ON GRADE
60mm Thickness Paver, refer landscape specification, on
30mm Thickness Mortar, on
150mm Thickness DGB20 road base, on
150mm Thickness DGB20 road base, on
Compacted sub-grade to 98% MDD standard

P1-C PAVER TYPE 1 - OVER VOID
60mm Thickness Paver, refer landscape specification, on
30mm Thickness Mortar, on
new slab to structural engineers specification.

P2-A PAVER TYPE 2 - ON STRUCTURE
60mm Thickness Paver, refer landscape specification, on
30mm Thickness Mortar, on
Variable Screed, refer Drawing CV-TTW-1030, on
Existing concrete slab (levels TBC on site).

P2-B PAVER TYPE 2 - ON GRADE
60mm Thickness Paver, refer landscape specification, on
30mm Thickness Mortar, on
150mm Thickness DGB20 road base, on
150mm Thickness DGB20 road base, on
Compacted sub-grade to 98% MDD standard

L1 LANDSCAPING
Refer to landscape specification
